The Columbus Grove Sale

For more than thirty years, this association has functioned and the cattle of the many good herds have improved. In type and character, as well as in breeding, the forty-nine lots listed in this catalog are equal or superior to any offering ever presented at the Columbus Grove Sale. Study this catalog, then come to the sale. You will be convinced of the quality and modern type of the cattle offered.

The Typical Kind You Will Find in the Sale

Foreword

During the past years the herds in the neighborhood of Columbus Grove, Ohio, have been greatly strengthened and improved by the influence of a great sire. This bull was Browndale Commander 1835125, a son of the \$3,500.00 Browndale Captain by Browndale Count. He died in August of 1945. Browndale Commander was used exclusively by B. B. Snively & Son, McComb, Ohio, and he is the sire of many bulls that have made outstanding show and breeding records not only in Ohio but in many of the other states as well. His name can be found frequently in the pedigrees of many of the animals listed in this catalog.

The influence of Browndale Commander is not the only factor that has contributed to the excellence of this grand offering. George Fisher & Son's, Roan Pat, the highest priced bull at the 1938 International sale, has added type, quality and style. Roy Johnson, Flushing, Ohio, has gained prominence with the sons and daughters of Klaymor Diamond by Aldie Reynoldstown (Imp.). Harvey Hoeswischer & Son, Sidney, Ohio, has consistently produced sons and daughters of Model Stamp, the bull that sires them all red or dark roans, that rate high with popular cattlemen. Browndale Stamp by Browndale Commander is the great sire that has done a wonderful job siring the right kind in the Tudor Bros.' herd.

Other sires whose names assure attractiveness to this sale include Watt Acres Prince, Royal Rothes, Newallyn Ian, Stamp's Sensation, Millbrook Marksman, Scottish Prince, and other young herd bulls that are siring top cattle.

Attend the sale, we know that you will be greatly pleased with these Shorthorns.

The Columbus Grove Shorthorn Breeders' Association,
Willard Moser, Sale Manager.

Standard Guarantee of American Shorthorn Breeders Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase or by the time the bull is 20 months of age if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

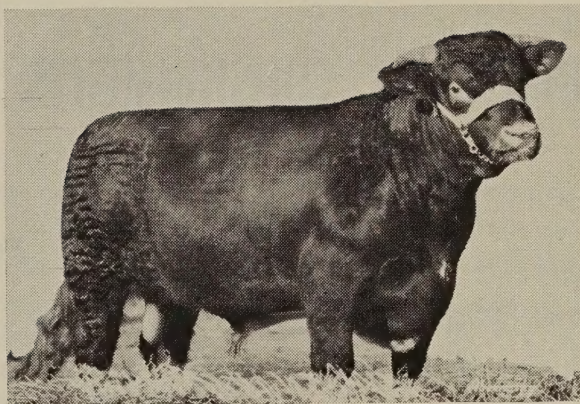

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
